

Lawson Mills Technical Data - Pellet Mills

Model Number	#Production rate And Item description	Total HP	Voltage Options*	Weight (Lbs)	Dimensions (Ft/ LWH)	Die sizes Available (mm)	Installation Training Included?	Cost	Accessories Included in Price	Accessories Available
LM700	1600-3500lb/hr Full Production System Stand alone unit that can be stood in rows of multiple units	100-125	460/*575v	6000	25 x 7 x 10	4, 5, 6, 8, 10, 12, 14	Yes 4 days	\$169,000	Water dosing/ fines removal/ feed hopper/ conditioning arm/pellet cooler	Bagging system. 5 ton bulk feeder.
LMXXT	800-1800lb/hr Full System Industrial production level—linked systems possible 4 units = 2 ton+	45.5	460/*575v	1400	18x5x7	3.5, 4, 6, 8, 10, 14	Yes 3 days	\$76,800	Water dosing/ fines removal/ feed hopper/ conditioning arm/pellet cooler	Bagging system. Bulk feed hopper Hops feeder
LMXTS	700-1200 lb/hr Full System Mid-Large scale production for feed /wood etc units can be linked	34.5	*208/240/460/575	1200	18x5x7	3.5, 4, 6, 8, 10, 14	Yes 3 days	\$63,400	Water dosing Fines removal Feed hopper Conditioning cooler	Bagging system. Bulk feed hopper Hops feeder
LMXT	600-800 lb/hr Full System Mid scale feed/wood production-medium hops farm	24.5	*220SP/208/240/460	1100	18x5x7	3.5, 4, 6, 8, 10, 14	Yes 3 days	\$51,350	Feed hopper Fines removal Pellet cooler Conditioning arm Water pump	Bagging Bulk feeder Hops feeder
LM72A	250-350lb/hr Full System Ideal for testing, small batch production	14.5	*220SP/208/240/460	900	18x5x7	3.5, 4, 6, 8, 10, 14	Yes 2 days	\$40,985	Feed hopper Fines removal Pellet cooler Conditioning arm	Bagging system Bulk feeder Hops feeder

BN	50-200lb/hr Bonsai (Hobby/research/ personal/small shop/ farm)	5-10	*110SP/208/240/ 460	300	3x3x4.5	3.5, 4, 6, 8, 10,	No	From \$10,500	Feed hopper control panel Water pump	Auto screener Small hammer mill
